In regards to:

Wal-Mart BANK CHARTER
FDIC
25 S. Jessie Street at Ecker Square
Suite 2300
San Francisco, CA 94105

Dear FDIC ,

This is in refence to Wal-Mart requesting that they get their own bank charter. Please do not allow this. They already have their hand in the hardware, clothing, household, grocery, pharmacy, hair salon, eyewear, and most recently, the medical care department. What next? Delivering babies? 'Welcome to Wal-Mart's shop and drop baby service.'

They are already their own competitors when it comes to these areas. You almost can't find a small store run by locals any more. Please don't allow them to run our banks out of town too.

I like my bank. They know my name and my children's names. When I call or visit my local bank I feel they are genuinely happy to see me. I don't get the same generic smile when I walk in. As you do from the Wal-Mart people.

We must show this company that there are places that they can't go. They have mowed over so many people already; let us show them that even they have a limit.

Respectfully,

Carol Burke
